Distilled Water	Honey	Almond Oil
Shea Butter	Arnica Essential Oil	Vitamin E
Emulsifying Wax (plant derived)	Rosemary Oleoresin Extract	Leucidal Liquid SF (Radish Root)

Benefits for Your Skin:

Distilled Water: Provides essential hydration and helps keep the skin moisturized. (Greeneville, TN)

Organic Wildflower and Clover Honey: A natural humectant that attracts moisture to the skin, leaving it soft and hydrated. (Calhoun, GA)

Organic Almond Oil: Rich in vitamins A & E and fatty acids, it nourishes and soothes dry skin.

Organic Shea Butter: Offers deep moisturizing properties and helps improve skin elasticity.

Emulsifying Wax: Ensures a smooth and creamy texture, allowing the water and oils to blend perfectly. 100% plant derived from palm oil.

Leucidal Liquid SF: A natural preservative to keep your lotion fresh. (organic radish root)

Pure Vitamin E: A powerful antioxidant that protects the skin from environmental stressors.

Organic Arnica Essential Oil: Known for its healing support for bruising and anti-inflammatory properties, perfect for calming irritated skin.

Organic Rosemary Oleoresin Extract: is an oil soluble, natural extract is used as a potent antioxidant, its properties are attributed in large part to its 7% carnosic acid, one of its major constituents.
